

RURAL FIRE PROTECTION SERVICE AGREEMENT

This agreement is made on the ___ day of _____, between

(Print Name) (Print Name)

(Print Name) (Print Name)

(hereinafter "Owner(s)") and the City of Fredericktown, a municipal corporation of the state of Missouri in consideration of the undertakings of the parties under this agreement.

City will provide fire protection services for real and personal property of Owner at _____, including the

(Address)

property described as follows:

- () Residence
- () Commercial Property
- () Multiple family property ___ units covered
- () Additional property

the property being outside the city limits,

The fire protection will be furnished upon the following terms:

1. The fire protection will begin at the time and date of the execution of this Agreement, and continue for one year at an annual fee in accordance with the rates set from time to time by the Fire Chief or Fire Department of the City. The rate will be set forth in the Rural Fire Service Rates and Terms as shown on the attached Exhibit 1 and as modified from time to time. Failure to pay the annual fee within sixty (60) days of due date will result in termination of the Agreement as of the close of business on that day.
2. This contract will be renewed automatically for one year periods from the time of its first expiration upon the payment by Owner of the then current Annual Fire Service Fee, unless either party notifies the other in writing thirty (30) days prior to the termination of the annual period the intention not to renew for the next annual period.
3. This service is to be provided in accordance with the Rural Fire Service Rates and Terms, which provides in part substantially as follows: (1) that the payment may not be refunded but that the property shall be protected for one year regardless of change in its ownership; (2) that the sole discretion will rest with the fire chief as to the firefighters and equipment that will answer each alarm, provided that protection will be adequate (meaning reasonable protection, considering available firefighters and equipment of city
